Alan Christy, Growth & Development Director, and John McCallum appeared to discuss the Mayfield Townsite. There is an issue of water to the townsite. Water Resources is saying there is 7,100 cubic feet of water available, but Idaho power is saying there is no water available in the area. Mr. McCallum is requesting to put the project on hold for a year to get the issue resolved, because if there will be no water available to the site, there is no use going further with the project. Mr. Christy reviewed approval conditions that need to be met and if they can’t be met there is an amendment process that needs to take place. Mr. McCallum stated he can only do minor planning until the water issued is straightened out. There is a fee of $5,000.00 due for review processes, application meetings and hearings, which is stated in the ordinance, but Mr. McCallum feels he should not have to pay the fees if he cannot move forward with the project. Mr. Christy stated that if the conditions cannot be met by the outlined time frame Mr. McCallum would need to request an extension and a deferral of the annual report requirement.

Assessor Ron Fisher, Dave and Robin Cameron and Preston Lord appeared to discuss Ag Exemptions. Mr. Fisher explained Ag exemption forms are sent out to owners of properties totaling five acres or more. The exemption paperwork needs to be returned to the Assessor’s office by March 15th of each year to get the Ag exemption. Assessment notices are sent out on the first Monday of June and include last year’s taxes and the amount of taxes for the current year. If the taxpayer wants to appeal the taxes, the appeals need to be filed on or before the fourth Monday of June. The Ag exemption on Mr. and Mrs. Cameron’s property was pulled because the Assessor’s office did not receive an Ag exemption form. Ms. Cameron stated that she did not receive the Ag Exemption form to fill out. She did receive the assessment notice in the mail, but didn’t realize there was an increase
in her taxes until she received her tax bill and by then the deadline to file an appeal had passed. Mr. & Mrs. Cameron feel that their exemption should not have been pulled because they lease out 500 acres of their land to Mr. Lord, who runs cattle on the land. Mr. Fisher stated that per Idaho Code, it is the responsibility of the property owner to make sure the assessments on their property are correct. The Cameron’s have missed the deadlines to file the paperwork for the exemptions for this year, so they will be responsible to pay the increase on their taxes for this year and will receive the Ag exemption starting next year. Discussion followed.

Motion by Wootan, second by Hofer, to take the matter regarding the Ag Exemption for Dave and Robin Cameron under advisement.

Senator Bert Brackett appeared to touch base with the Board to see if they had any questions or concerns. Personnel property tax issues were discussed. Clerk Steele is awaiting paperwork from the State Tax Commission on property taxes and how they will impact the county budget. She will then forward it to Senator Brackett. The water issue at the Mayfield Townsite was also discussed. The Board discussed Indigent issues. Senator Brackett stated that the State will be facing two issues, a state run health insurance exchange and expanding Medicaid, which will give the counties some relief from indigent cost. Commissioner Wootan stated that there have been discussions with the Idaho Department of Transportation regarding fire breaks along Interstate 84 to decrease the amount of acreage destroyed by wildfires and the high costs of these fires. The possibility of compensating
local fire fighting companies to respond to vehicle fires along the interstate or on BLM lands was discussed. Senator Brackett asked if the Board might be interested in weekly conference calls with the Legislators to answer any questions or concerns they may have. Mr. Lewis was notified in August of the steps he needs to take to obtain a conditional use permit for land use. Mr. Lewis has not completed these steps as of yet. The building on the property was “red tagged” on November 29th due to the fact that Mr. Lewis was utilizing the building without an occupancy permit, the building was not built according to plans and the required inspections were not done on the building. County Prosecuting Attorney Kristina Schindele stated her office will review the International Building Code to see if Mr. Lewis will be cited for failure to have a Certificate of Occupancy, failure to comply with building plans, which are on file, and failure to have proper inspections done at the event center.
