Commissioner Corbus updated the board of an attaché meeting he attended last week at the Mountain Home Air Force base. He met with the military affairs committee consisting of fifty six senior ranking Air Force officials from each nation across the world. The committee is working on building a coalition partnership with the United States. This partnership would allow the coalition to train together and fight together in the event that military action needs to be taken somewhere across the world.

Motion by Hofer, second by Wootan, to add to the agenda the update of the attaché meeting at the Mountain Home Air Force Base.

Commissioner Corbus also updated the board of a meeting he attended on September 25th and 26th, which was held by the State Emergency Medical Services (EMS) board to assess the county ambulance services needs. Representatives from St. Luke’s Elmore arrived several hours late for the meeting and did not provide appropriate documentation regarding the ambulance operations, which is key information needed in assessing the needs of the county. Commissioner Corbus then provided the group with paperwork regarding the ambulance services, which was put together by Clerk Steele. Commissioner Corbus stated that he is unsure of the outcome of the assessment due to the lack of cooperation from St. Luke’s Elmore representatives, but will continue to follow up with the EMS board regarding the issue.

County Public Defender Attorney Terry Ratliff and Office Administrator Michelle Meyers appeared and reviewed the proposed public defender contract. Attorney Ratliff came up with a best estimated target cost for the fiscal year. He feels that the cost will increase slightly and will try his best to keep the attorney fee rates in check. Attorney Grant and Attorney Ratliff discussed other areas of the contract that will need to be negotiated to see what will work best for both parties. Discussion followed and it was decided that the board will extend the public defender contract for thirty days until the contract is finalized.

Motion by Hofer, second by Corbus, to approve and sign the Public Defender Contract Extension letter, extending the Public Defender Contract with Attorney Terry Ratliff for 30 days.

The monthly department heads meeting was held.

Carol Killian, Disaster Services Coordinator, appeared. She has completed the workbooks for the Pony Complex and Little Queens fires and is currently working on the Elk Complex fire workbook. Ms. Killian discussed an issue with the operation of the Command Vehicle at the air show. She also reviewed the Bureau of Homeland Security EMPG grant paperwork.

Motion by Hofer, second by Corbus, to approve and authorize Chairman Hofer to sign the Bureau of Homeland Security EMPG grant awards in the amount of $45,168.51 and $22,545.87.
Wade Baumgardner, Veteran Service Officer, appeared. Mr. Baumgardner participated in a military rites funeral ceremony for a local retired Air Force veteran. He provided a Veterans Affairs briefing to the VFW post in Glenns Ferry on September 18th. He has been working with several veterans who’ve had cases denied as a result of inadequate documentation or evidence to prove the claims. He is presently working on the second “Atomic Veteran” claim for a local resident. He had a visit and inspection from Douglas Jacobsen, an accredited State Service Officer from the Idaho Division of Veterans Services in Boise. Mr. Jacobsen was very pleased with the professional appearance of the office and the quality of service Mr. Baumgardner is providing to veterans in Elmore County. In the last month, he has assisted twenty two veterans, spouses of family members with specific VA issues.

Brian Chevalier, Pine EMS Supervisor, appeared and updated the board. There were some minor repairs done to the ambulance building, including some repairs to the roof. He has signed on two new EMTs, one of which is waiting for their certification. The board asked Mr. Chevalier to keep an eye on the dump site, as there has been a problem with individuals dumping unapproved items there.

Emma Scott-Landers, Drug Court Coordinator, appeared to update the board. They currently have twenty seven participants and three pending entrances. Twenty five of the participants are currently employed. Ms. Scott-Landers reviewed the community service venues, projects and the upcoming events of the program.

He reviewed the findings of his research on the influence of humic substances on soil quality, fertilizer and water use efficiency in Elmore County. The status of his new part time pest abatement district employee was discussed. Mr. Seyedbagheri stated that the new employee is working out well, doing an excellent job and he would like the board to allow the employee to be hired on a full time basis.

Alan Christy, Land Use and Building Department, appeared. The Planning and Zoning Commission (P&Z), along with Mr. Christy and Tell Riley, will be meeting tomorrow night in Pine to discuss potential ordinance amendments regarding commercial use and private use of RV’s. P&Z held a meeting on September 17th and recommend approval of the Comprehensive Plan. Mr. Christy will be attending a conference on Source Water Protection, which will be held in Boise. He updated the board of his research on the possibility of constructing a maintenance garage on the jail property.

Alan Roberts, Extrication Department, appeared to update the board. Mr. Roberts stated that since October 2013, extrication members are paid $10.00 for every call they responds to and to date, he has only used half of the funds he has budgeted for this. Mr. Roberts asked if the reimbursement can be increased to $15.00 per call as he has enough budgeted to cover the increase. He will be attending a traffic incident management class sponsored by the Idaho Transportation Department. He also attended a three day “Train the Trainer” conference to be certified as an extrication instructor. Mr. Roberts stated that they may need to purchase an upgraded extrication truck in the next few years.

The monthly elected officials meeting was held.

Sheriff Rick Layher, Chief Deputy Mike Barclay and Jail Commander Shawna Kellerman appeared to update the board. Lieutenant Kellerman stated that there are one hundred inmates in the county jail to date. The accounting for the commissary funds was discussed. Sheriff Layher stated that his office staff won’t have the time to take on reconciling the account every month and he may need to hire a full time employee to handle that, but does not have a line item in his budget for a new hire. Lieutenant Kellerman
thinks that the commissary computer program already reconciles the account each month and will check into that. Chief Deputy Barclay discussed an issue with crew sheets submitted to the Forest Service for road blocks during the Trinity Ridge fire.

Treasurer Rose Plympton appeared and updated the board of a county owned tax deed property. The county took tax deed on the property due to non-payment of the property taxes. There is also a trailer situated on the property, which will be going up for auction on October 9th by the sheriff’s department, as the owner has not paid the personal property tax on the trailer. The owner owes less than one hundred dollars in personal property tax. According to Idaho Code, the county treasurer can appear at the auction and bid on the property. Treasurer Plympton feels that the county should by the trailer since the county now owns the property the trailer sits on and can sell the property and trailer together. Attorney Grant feels that it would be in the county’s best interest to buy the trailer and have common ownership of the property and trailer.

Motion by Corbus, second by Hofer, to authorize Treasurer Plympton to make a bid on a trailer owned by Addam Diven, parcel # MHTR0000188700, that sits on a county owned tax deed property.

Motion carried and so ordered.

Motion carried and so ordered.

Motion by Hofer, second by Wootan, to adjourn for lunch.

Regular session resumed.

Rayola Jacobsen appeared to discuss a proposed strategy for integrated weed management, mosquito abatement and pest control in Elmore County. Ms. Jacobsen reviewed the proposed plan for a landscape approach to the weed, mosquito and pest problems within the Elmore County Cooperative Weed
Management Area (CWMA). The Elmore County Soil and Water Conservation District would like to work with the current Extension agent to see more weed spraying and control done in the county. Dave Humphreys and Mir Seyedbagheri, Extension Office, also appeared and reviewed the CWMA’s that are already established in Elmore County and what they are doing. Mr. Seyedbagheri explained that they have documented weed and pest control programs already in place, and several advisory committees that they work with. Mr. Humphreys feels that there is no issue and that the proposed strategy is already in place.

Steve Dye, Juvenile Probation Director and Kristina Schindele, County Prosecutor, appeared to discuss an issue of overtime hours that are being accumulated by the juvenile probation officers. The overtime hours in Mr. Dye’s department have recently increased. Currently, the probation officers are working forty plus hours per week and Mr. Dye stated that it will be impossible for him to keep the overtime hours low and run his office efficiently. Commissioner Corbus asked if another probation officer needs to be hired to offset the overtime. Mr. Dye stated that it would cost more to hire another officer then it would to pay the overtime hours. The main reason for the overtime hours is the reports the probation officers need write for each juvenile offender. Attorney Schindele suggested hiring a part time court investigator to write the reports. Mr. Dye would like to keep track of the overtime over the next year, see if he can streamline the report process and keep the overtime hours low. If the issue escalates then he will find a different solution to the issue.

Attorney Terry Ratliff reappeared and continued earlier the discussion regarding the proposed public defender contract and reviewed a projected annual budget.
