The Elmore County Commissioners met in regular session on the above date in the Commissioners Room, basement of the Elmore County Courthouse, 150 South 4th East, Mountain Home, Idaho.

Present at the meeting were Chairman Wes Wootan, Commissioners Bud Corbus and Al Hofer, Civil Attorney Buzz Grant, Clerk Barbara Steele, and Deputy Clerk Shelley Essl.

Bill Kelly, Oasis Fire Protection District Commissioner, appeared to update the board on an annexation of property into their fire district. A request for annexation was submitted to the Oasis Fire Protection District by property owners Judith O’Dell, Richard A. Taylor and LaRue Pettibone. The properties are contiguous and contain 66.129 acres. The properties are approximately four miles from the Tilli Fire Station and well within the response criteria of the Oasis Fire Department. On November 11, 2014, a public hearing was held by the Oasis Fire Protection District Commissioners to receive all comments to the annexation. After hearing all input, the District Commissioners unanimously voted “yes” to the annexation. Mr. Kelly submitted the Order of Annexation to the board so the annexed properties can be added to the tax rolls for the Oasis Fire Protection District. Attorney Grant will prepare a resolution and order of annexation for the board approval and execution. Mr. Kelly also discussed the mutual aid agreement that the Oasis Fire Protection District has with the Orchard Training Facility for fire protection services in the Oasis area. Commissioner Corbus stated that two weeks ago the Orchard Training Center made it clear that the agreement with the Oasis Fire protection District was cancelled and that Oasis will no longer be called out to any fire emergencies. Mr. Kelly will follow up with that, as Oasis was not informed of the agreement being cancelled.

City of Mountain Home Mayor Tom Rist, Bill Richey and Lieutenant Colonel Elwood Henry, representing the Mountain Home Air Force Base appeared to discuss the issue of an extremely large number of military personnel stationed at the Mountain Air Force Base who have chosen to live in Boise
instead of Mountain Home. Mayor Rist stated that schools and education are a major reason for the personnel choosing to live in Boise. Mayor Rist met with school board members to discuss school building conditions. He stated that three schools are in need of major renovations and the school board may need a school bond to do so. Military personnel station at the Mountain Home AFB used to be required to live on base or in Mountain Home. That rule has changed and now only certain personnel are required to live on base, with others being allowed to live elsewhere if they choose. Chairman Hofer stated that this rule change has hurt the city of Mountain Home economically. Mr. Richey has spoken to Senator Bert Brackett regarding the possibility of increasing state funding to rural schools for more improvements so they can compete with the larger districts. Mr. Richey stated that education is an important factor to parents when they are transferred to a new base and are choosing where to live. The smaller the school, the less programs and opportunities that school has to offer, so the personnel tend to choose the school with more opportunities. There will be a meeting held where stakeholders can voice their concerns with the school district regarding what kind of school improvements they expect from the district. Discussion followed. The water issues at the base and the water rights that were purchased by the Air Force were also discussed.

A short recess was taken. Commissioner Hofer left the meeting.

Tina Venable appeared to discuss the issue with the Idaho Food Bank delivery to the Pine Senior Center. Ms. Venable has been speaking several different individuals and organizations in the Pine area to see if anyone would be available to help transport the deliveries from the Highway 20 meeting point once a month. She stated that no one has the availability or equipment to facilitate that. Chairman Wootan spoke with a representative from the Idaho Food Bank and was told that the food bank is still working on keeping the regular delivery to Pine on their schedule. Ms. Venable brought up the possibility of putting a storage shed next to the center, as a last resort, if the county could pay for the shed. She will continue working with the food bank to try and resolve the issue.

The human resource manager position was discussed. A hiring committee will be put together to review applications for the position.

Motion by Wootan, second by Corbus, to adjourn.
