The Elmore County Commissioners met in regular session on the above date in the Commissioners Room, basement of the Elmore County Courthouse, 150 South 4th East, Mountain Home, Idaho.

Present at the meeting were Chairman Wes Wootan, Commissioners Bud Corbus and Al Hofer, Civil Attorney Buzz Grant, and Deputy Clerk Shelley Essl.

The public portion of the meeting was held. A Mountain Home resident appeared to discuss an issue with the Bennett Road landfill. He tried to take hot ashes from his burn barrel there to dump and was turned away. The board stated that the landfill was supposed to have a pit dug to accommodate hot ash from burn barrels. Now the resident is concerned about what to do with his hot ashes. Commissioner Wootan will look into the issue.

Mir Seyedbagheri, Extension Office, appeared to discuss his department’s budget. The Extension Office budget was discussed first. His extra help line item was removed from the budget last year and he is requesting that it be but back into the budget this year, as he uses extra help during the summer months to coordinate the influx of samples and phone calls. The Noxious Weed budget was discussed next. He is requesting an increase in a part time employee hours as the field work and spraying contracts have increased. The Pest Abatement budget was discussed next, which will stay the same.

Jeff Day, Waterways Board, appeared to introduce Joseph Graham. Mr. Graham is an Elmore County resident and would like to join the Waterways Commission. Attorney Grant needs to research the specifics of adding a member to the commission and the board will approve the appointment at the next meeting.

Sheriff Layher and Chief Deputy Barclay also appeared.

Mr. Day discussed a request from Sheriff Layher for a Mud Buddie Boat to be paid out of the Waterways budget. The boat will cost $20,251.00. Mr. Day feels that the boat will be an asset in successfully patrolling certain parts of the river and stated that the Waterways budget does have the funds available for the purchase of the boat.

Judge David Epis appeared to speak on behalf of the Sheriff’s Department regarding a request for an additional transport officer for the jail. Judge Epis stated that there are daily transports from the county jail to the courthouse, sometimes several times a day, and also transports from facilities out of town. He stated that currently there is only one transport officer, who is getting the job done, but from his observation, he feels another transport officer is needed. Deputy Barclay stated that they are requesting the position be a non-certified transport officer, since they will only be responsible for the transports.
Sheriff Layher stated that they also looked at making it a certified position, so if the person is not doing transports, they can be utilized in the jail. Discussion followed.

Sheriff Layher and Deputy Barclay reviewed their budget. The first request was for an increase in the overtime for patrol and detention budgets and also to add an overtime budget for court security as there currently is no overtime budgeted for that department. There was a request for an increase in equipment and installation line items, for the purchase and install of radios and lights in patrol vehicles. They requested an increase in the patrol equipment line item for the purchase of twelve in-car cameras for patrol cars, a server to store the video downloads and replacement of tasers. An increase in repairs to equipment was also requested as repairs to equipment such as radars, cameras, tasers and evidence processing equipment is very expensive. There was a request to purchase five vehicles, which would include three vehicles for patrol, one vehicle for detectives and one transport vehicle. There was a request for the purchase of four in car cameras for the detention transport vehicles and body cameras for detention deputies, court security and bailiffs. There was a request to hire two full time patrol deputies, one full time detective, three full time detention deputies and two full time non-certified positions for the detention center. Deputy Barclay pointed out that if the patrol positions were approved, there would be an additional expense to purchase vehicles and the equipment to outfit them properly. A lengthy discussion followed regarding the budget requests and justifications for the requested increases.
