Historically fire crews with trucks have been dispatched from Fairfield or Mountain Home when fires occurred. The response time from Fairfield is about an hour and the time from Mountain Home is somewhat longer due to the uphill climb. By the time fire crews can reach the area, a serious fire would have consumed the property.</p>

Thomas <input type="radio"/> Pennie Hufford 	<p>Many property owners have requested the formation of a fire district serving the proposed area. Generally, all the private property in Pine, Featherville, Fall Creek and Baumgartner would be included in this fire district. While no official budget has been determined, it is anticipated that the cost to property owners in the area will be approximately 1 mil - i.e., \$100 per \$100,000 assessed value. Thus, a home that has a tax valuation of \$500,000 would pay about \$500 per year in additional taxes for the fire district.</p>
